A FUNNY STORY The Detroit Advertiser is sponsor for the following —

About one year ago one of our business men visited New York city, and while there ordered half a dozen *cartes de visite* of himself, which he distributed among his friends in that place. A few days ago he was surprised to find one of these counterfeit resemblances in possession of the family cook An investigation into the matter disclosed the fact that she had received it from a fortune-teller in New York city, who advertised to forward a correct likeness of any young lady's future husband, all for the sum of fifty cents, which amount the cook had remitted, according to the advertisement, and received her employer's likeness in return

The Boston papers contain the statement of Deputy State Constable Morse, by whose hands a man named Matthew Conness came to his death at West Bridgewater on Sunday night It seems that the Constable had succeeded in making two arrests at a liquor nuisance, and was going away with his prisoners when the deceased, armed with a club, attempted a rescue He was warned by the officer, but he assaulted him, striking him once over the head. The officer fired a shot to intimidate him; but Conness immediately made another attack and raised his stick to strike, when the officer fired; and Conness afterwards died from the effect of the shot. The Coroner's jury returned a verdict that the officer was in the discharge of his official duty, and therefore exculpated from blame.

GAS EXPLOSION A terrible gas explosion took place in St Louis last Sunday afternoon, which shook the houses to their foundations and sounded like the bursting of a magazine It was caused by the introduction of a lighted candle into a closet filled with gas which had escaped from a metre The man who went to the closet was terribly burned and cut, but not killed, and two other persons were badly injured It is supposed that the gas pipes had become disarranged in some way and the leakage occurred

Correspondence of the Daily Whig.

[Letter from North Carolina—Concluded.]

OUR DEAR PRESIDENTS.

In Richmond, Petersburg, Charleston and Columbus newspapers, we often see notices of public gatherings, festivals and May parties, at which Jeff. Davis is toasted as "the future President of the United States," and "the Napoleon of America," &c.

Even this city can boast of having remembered the ex-tyrant C. S. A., during a jubilee at a small town on the Cape Fear river a short time since. Hear the editor of the Wilmington Journal:

> By degrees the restraint of the guests wore off, and many were the toasts given and responded to in behalf of Wilmington, Baltimore, the assembly, and distinguished men of the times, generally. The President's health was proposed and drunk with much feeling, and all honor was done to "The Prisoner of Fortress Monroe, and the whole world defied to say aught against his character as a patriot and a scholar."

The Carolinians and Virginians think it very proper to class the two Presidents together.

THE MAYOR.

The Mayor of this city, Van Bokalen by name, and a rascal (so Madame Rumor and Mr. Fact say) by nature, has just returned from a pilgrimage of a few days, in some distant part of the State.

Some two weeks ago, a member of a volunteer regiment was arrested upon the streets of this city, for drunkenness, by an officious policeman of huge proportions. The soldier refused to be arrested by a civil officer, and endeavored to break away from the grasp of the "Star."

During the scrimmage of dragging the "military gentleman" to justice, the Mayor, appeared on the scene of action, and noticing the "situation," immediately ordered the policeman to strike the small, harmless inebriate with his club, and to "bust his head. This order was given three times by "His Honor, the Mayor," before it was obeyed. The blow cracked the skull, and the soldier's life was only saved by great exertions of the Surgeons. The Regiment to which this soldier belonged have left for their State to be mustered out. The Mayor's pilgrimage was undoubtedly to escape the revengeful ire of the soldiers, who had emphatically stated that they would take his life.

A short time ago, a Mr. Jewett, formerly of Maine, who has taught a school in this city for many years, deputized two or three of his scholars to call upon the Mayor and City Marshal, to procure the use of the city hall for school exhibition purposes. These two men, Van Bokalen and Ransom, informed the scholars that the hall would be let to them but not to Mr. Jewett as he was a "Yankee," also informing them that the exhibition would be broken up by their (V. B. and R.) orders if any "Yankee songs" were sung by the scholars, or any allusion in praise of the glorious Stars and Stripes, or anything prejudicial to the sacred memory of the "Lost Cause."

Numberless instances of meanness, disloyalty and want of principle could be pointed out from this Mayor's daily history. Disagreeing with the military, apparently endeavoring to kill U. S. soldiers, discharging northern men from the city police force because they were "Yankees," and other instances, show the standing of the Mayor of the city of Wilmington, N. C.

REGULARS.

Co. D, 8th U. S. Infantry, commanded by Captain R. F. Franks, a graduate of West Point, has relieved the volunteer troops formerly stationed at this post. Capt. Franks is a native of Maine. Being fully imbued with a christian like spirit of dealing *justice* to all, he has already won the kindest sympathies and regards of all, as commandant of the post.

Lt. J W Means, Co D, 8th U S Infantry, A C S, and A A Q M, is another type of the true soldier and gentleman.

TRIAL OF BUREAU OFFICERS.

Col Whittlesey, late Superintedent Bureau R. F. and A. L. will be tried during the month at Raleigh, N. C., by a General Court Martial on the charges prefered by Washington authority. The trial of other officers of the Bureau follow that of Whittlesey's.

TEACHERS OF FREEDMEN'S SCHOOLS.

The lady teachers of the colored children in this city, are making preparations to leave for their homes on or about the 15th inst.

Many of them reside in the Old Pine Tree State. Their duties have been arduous and unpleasant, except when relieved by the oft repeated thanks of the colored children and their parents, and the knowledge that they have fulfilled their work of good and charity to the best of their ability and sometimes the injury of their health. Teachers of the freedmen, God and the colored people will bless your heroic and christian like action.

M. P., JR.

—There were were but 393 deaths in New York city last week—two of them by cholera. The general health of the city was never better, but still the shadow of the coming epidemic hangs over the minds of the people.

An Extra Session.

Mr. Editor:—Allow me to make a suggestion in your paper to the Union Convention soon to assemble in your midst. It is that they pass a resolution requesting the Governor to call an extra session of the Legislature to ratify the amendments of the constitution as proposed by Congress, as soon as he shall receive notice of their adoption. The expense of such a call will be nothing compared to the great object to be gained. If the States lately in rebellion are to be reinstated on the basis proposed by Congress, the sooner the loyal States act the better. Besides, such promptness will strengthen the hands of Congress.

J.

AN ILLUSTRATION. The Providence Journal remarks how noteworthy it is that men and nations, who have been pursuing a certain course of action, suddenly start up with indignation and surprise when other men or other nations propose to pursue the same course. How Napoleon threw all Europe into a shiver of fear a few weeks ago by declaring that he detested the treaties of 1815! And yet it is literally true that, if we except Sweden, there is not a single European nation, which took part in forming those treaties, which has not broken them in spirit and in letter.

Russia, Austria, Prussia, Spain, Portugal, France, Great Britain, have each and all disregarded some provisions of the treaty of Vienna, which they signed on the 20th of November, 1815.

We have had a similar illustration of this human weakness in this country. At the close of the war the President named to the States certain conditions, with which he required them to comply, before they could resume their relations with the Union. Almost every one said that it was proper and necessary that such a requirement should be made. In due time Congress met, and a large majority of its members were of opinion that other requirements should be made of the Southern States in order to protect the nation. But straightway a hue and cry arose from a large number of the very men, who had approved of the President's requirements, but who now declared that it was unconstitutional and cruel to require the Southern States to comply with any conditions precedent to the resumption of their old relations. But if Congress had no right to take such a step, pray, whence did the President derive his authority? That is a question which we have not seen answered.

> We said nothing of the differences between Congress and the Executive; we spoke of the differences among Union members of Congress as "minor" questions, and of none others.—[Times.

That may be true, as to the strict letter of the article referred to, but we commented rather upon the general course which the Times has pursued relative to the controversy between the President and Congress. We think we do not "misrepresent" that course when we say it has "studiously", and with many words, endeavored to make these differences of opinion a "minor topic", and its assertion of Thursday is as fairly to be taken to mean the differences between the President and Congress, as the differences among Union representatives *in* Congress, for they are "differences in the Union party."—Whether so or not, it is patent to the readers of the Times that it has from the beginning represented the controversy which has caused two or three Presidential vetoes and the passage of the civil rights bill over a veto, to be rather a matter of minor difference than otherwise. If this is not so, we are unable to define its position, unless simply as one from which it could conveniently step on to either side as one or the other should finally prevail. The great desire to have this question settled in some way during the present session has led patriotic Republican members of Congress for the sake of harmony to forego for the present something of what they felt to be just, and safe in their terms of reconstruction—and the differences are now in fact less than they have been between the Executive and Legislative departments; but when Gen. Chamberlain wrote his letter to Gen. Smith, there were broad and defined differences, and he took plain ground with Congress and against the President's plan of immediate and unconditional admission. At that time our "cotemporary" had been both with and against the President, and with and against Congress, and nobody could tell where it was. Many wondered how it could support Chamberlain, and we confess we could not exactly see; but we perceive now that it conveniently considers any differences between itself and that candidate, upon the national controversy, as merely upon "minor topics"

In regard to the present settlement of the controversy, the Republican members have presented the best plan that could be agreed upon, and the people will acquiesce in the hope that it will bring peace and safety to a restored Union; but the future may show that more "radical" conditions should have been exacted. And we suppose the Republican party will relax none of its efforts to secure full and equal political rights to all men under our laws. At all events, we think Congress should require that the amendments proposed be adopted before the doors of the legislative halls are opened to the representatives of rebel States. Once in, those States may refuse to ratify any restraining amendments, and, with the aid of northern copperheads, may prevent the ratification entirely, leaving all future legislation to the hazard of being under control of a rebel and copperhead Congress.

SHOCKING ACCIDENT. The Portland Star says that on Thursday night Mr. Ephraim Russell of Temple, met with a fatal accident. He put up at the Commercial House, and in the fourth story. It seems that in the night he got out of bed, made a dive for the window, which gave away and he went through, down upon the sidewalk on Fore street, striking upon his head and smashing it in a horrible manner. He lived until about 7 o'clock this morning. It seems that Mr. R. has been engaged in putting down and oil well at Bothwell, C. W., and was on his way home in Temple, where it is said he has much influence and many esteemed friends. It is supposed that he had a frightful dream which resulted in this accident.

A Card.

The undersigned begs to tender his heartfelt thanks to those eminent citizens of Maine who so kindly aided him in securing justice by petitioning Congress for his relief. After over five years of service, often most arduous, in assisting at the front to care for those who put down the late rebellion, it is very grateful to be thus remembered by those whom he so highly esteems in his native State. In the wilds of Arizona, to which he has been ordered, such acts of kindness will not soon fade from memory.

An Invaluable Spring Medicine.

DR. J. W. POLAND'S

HUMOR DOCTOR.

This excellent medicinal remedy was first prepared by Dr. P. in 1847, and was then employed with great success in expelling humors from the blood; but in 1848, a medical friend, who was quite celebrated as a physician, especially in the treatment of humors, suggested some important improvements, which were adopted, and which have made it (so the people say,) the very best remedy for all kinds of humors known to "the faculty." This preparation is composed wholly of vegetables, among which are Sarsaparilla, Yellow Dock, Burdock, Noble Pine, Mandrake, Senna and Bloodroot. Suffice it to say, the "Doctor" is used in hundreds of families as a general medicine. Unlike many other popular remedies, it is very grateful to the taste.

An Effectual Worm Medicine.

BROWN'S VERMIFUGE COMFITS,

OR WORM LOZENGES. Much sickness, undoubtedly, with children and adults, attributed to other causes, is occasioned by worms. The "VERMIFUGE COMFITS," although effectual in destroying worms, can do no possible injury to the most delicate child.—This valuable combination has been successfully used by physicians, and found to be safe and sure in eradicating worms, so hurtful to children.

CHILDREN HAVING WORMS require immediate attention, as neglect of the trouble often causes prolonged sickness.

SYMPTOMS OF WORMS IN CHILDREN are often overlooked. Worms in the stomach and bowels cause irritation, which can be removed only by the use of a sure remedy. The combination of ingredients used in making *Brown's "Vermifuge Comfits"* is such as to give the best possible effect with safety.

rman made a personal explanation
to the article in the N. Y. Tri-
ing him to be the organ of the
Department which he said was un-
m.

Mr Spaulding offered the following preamble and resolution and moved the previous question:

Whereas, it is alleged in the public press that Hon. Lovell H Rosseau, a member of this House from the State of Kentucky, did, on the evening of Thursday, 14th inst, commit an assault upon the person of Hon O. B. Grinnell, member of this House from the State of Iowa, because of words spoken in this House by the latter, and, whereas, said assault, if committed was a breach of privileges of this House and of the member assaulted, therefore,

Resolved, That a select committee of five be appointed by the Speaker to investigate the subject, and report the facts with resolutions in reference thereto as in their judgment may be proper and necessary for the vindication of the privileges of this House and protection of its members, said committee to have power to send for persons and papers, and examine witnesses under oath

The previous question was seconded, and the resolutions adopted

The Committee on Commerce were instructed to inquire into the expediency of providing for the removal of sunken wrecks disturbing the navigation at the entrance of New York harbor, east of Sandy Hook.

Several private bills were passed.

Mr Bingham asked leave to offer concurrent resolution requesting the President to transmit forthwith to the executives of the several States copies of articles of amendment proposed by Congress to the State Legislatures to amend the Constitution of the United States, passed June 13th, to the end the States may proceed to act on said articles of amendment

Mr Le Blonde objected and argued it should not be adopted until the joint resolution proposing amendments were substituted and signed by the Executive.

The Speaker made a lengthy decision, fortified by citations to the effect that a joint resolution proposing amendments to the constitution should not be submitted to the President.

Objection was then made to the introduction of the resolution, and the objection was sustained.

Mr Bingham gave notice that he would introduce the resolution again next Monday

The petition of the soldiers of the 4th U S. artillery, praying for their discharge, was tabled

A memorial of the officers of the signal corps, engaged at Mobile in 1864, was tabled

The bill for the relief of certain officers of the volunteer service who failed to make proper returns of stores and other public property, was passed.

The bill to amend the act of June 20th, 1864, to increase the pay of the soldiers of the United States army, so as to authorize payment to officers and soldiers for private horses for the term of thirty days after the passage of that act, was tabled.

The Senate bill authorizing the restoration of Commander Chas Hunter to the navy was passed

The Speaker announced the special committee on the Rosseau and Grinnell affair as follows

Messrs. Spaulding, Banks, Hogan, Raymond and Morehead

On motion of Mr Ward, leave of absence for one week was granted to Mr Rosseau

The proceedings, to-morrow will be confined to general debate.

The political rights restoration bill was taken up

Mr Hale offered an amendment that this act shall not be construed as denying the right of Congress to be the judge of the election and qualifications of its members, or prohibiting the admission at any time of any member duly elected on taking the required oaths

Mr Raymond yielded the floor to Mr Orth who supported the bill, after which it went over until Monday, Mr Raymond having the floor

Several bills were concurrently acted on or referred

The bill reimbursing Western Virginia for military expenses was passed

Adjourned.

"TOM BROWN" AS A BOXER Of Mr. Hughes, M. P., for Lambeth, better known as "Tom Brown," the following story is told —

"Mr. Hughes was one of the founders of the Working Men's College in Great Ormond street, and has always taken care that there should be a judicious mixture of play with their work. By this means a gymnasium was fitted up, a cricket club got up, and a boxing class established And those who have attained any skill with the gloves will agree with us that sparring is excellent exercise, and that it may be taken anywhere One evening when Mr. Hughes was at the college he looked in upon this class; an experienced hand was on the floor, and instead of treating the tyros with consideration, he was knocking them about pretty considerably, until at last they declined, one and all, going on with such a one-sided game. Mr. Hughes had been looking on very quietly, saying nothing; but he now stepped forward. "I should like to have a turn, if you don't mind," he said, in his quiet way.—"Very happy," said the other, "have you ever had the gloves on before?" "O, yes, two or three times" They soon stood face to face, and before his antagonist could say "Jack Robinson"—if he had any wish to do so—Mr Hughes sent him sprawling on the floor. He got up angry, but "Tom Brown" was cool and punished him to his heart's content, and then told him that he hoped the next time he had to spar with beginners he would remember that evening and be tender to them.

TROUBLE IN BOWDOIN COLLEGE We learn that disquiet has invaded the classic shades of Bowdoin. It seems that arrangements had been made for a match game of base ball between one of the college clubs and a club in Bates College at Lewiston.—The match was to come off on Wednesday at Lewiston. The Bowdoin faculty however saw fit to withhold permission for the students of that institution to leave town on that day. In defiance of this prohibition, however, the entire Sophomore and Freshman classes went to Lewiston and the match was played. Yesterday morning the Freshmen "nine," who were engaged in the match, received notice of their suspension, and the spirit manifested by the remainder of the offenders is such as to lead to the belief that nearly all of the two lower classes will be permitted to "rusticate." We are informed by one who ought to know, that the remaining members of the Freshman and the entire Sophomore class demand that the 'nine' be re-admitted or they will save the faculty the trouble of an expulsion.—[Press.

A NEW ARGUMENT FOR PEACE. In Germany, the Gugsburg Gazette is publishing a series of letters by one of the most illustrious German physicians, which are producing a considerable sensation. The writer affirms that there exists at the present moment in Germany such germs of disease, that if war should break out it would inevitably lead, in consequence of the conglomeration of large masses of men, obliged to suffer from fatigue and insufficiency of food, the most terrible epidemic of cholera ever witnessed.

It is well known how greatly the American soldiers suffered during the rebellion by the prevalence of bowel diseases in their camps, and marches and prisons. The presence of cholera miasma everywhere in the atmosphere the present season cannot but inspire graver apprehensions as to the effect of a state of war upon the public health.

OUR STATE BANS. The business men of Boston refuse to receive bills of the State Banks of Maine. These banks are all in good standing, their charters have not expired, and it therefore seems to us entirely uncalled for Boston traders to refuse. We notice too that one of the National Banks in Portland has announced that it will not receive bills of State banks. Thus is Portland aping Boston, and yet the bills of the State banks are all redeemed at the Bank of Mutual Redemption in Boston.—[Bath Times

—In the Gospel Banner of this week Rev Wm. A. Drew of Augusta, publishes a letter declining to have his name used as a candidate for Governor. He gives several good reasons, and closes as follows:

The foregoing are the reasons are given in consideration that I have several times in years that are past, and twice this Spring been applied to by friends in various parts of the State to know if I would allow my name to be used as a candidate for Governor of Maine. My answer is now publicly, as it heretofore has been privately, that I can consent to no such use of my name. They have probably thought, that my long and extensive acquaintance with the people and the public men of our State—the interest which, as an Editor and a Lecturer, I have always taken in its honor and welfare, besides my well known abhorrence of political gamesters, have commended me to the consideration which they have proposed.—But it is not such things that qualify a man fully for the peculiar duties of the the gubernatorial office. We must look for men of higher qualifications than I possess.

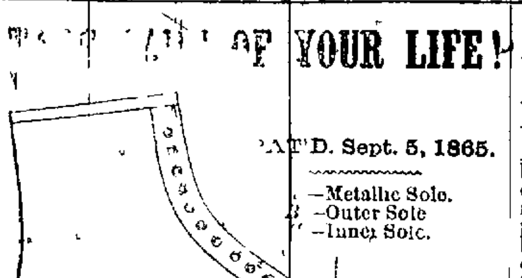
The ceremonies were closed by a substantial farm dinner of baked beans, cold meats, potatoes, bread, mince pie, tea, coffee, and "little fixins," to which some eighty or a hundred hungry men did ample justice. REMOVALS FROM OFFICE. The Boston Advertiser's special despatch of yesterday says:

The House judiciary committee have given much attention to the question raised by the protracted debate in the Senate some weeks ago, on the President's power of removal from office, and have concluded, when their committee is next called, to bring forward a bill upon the subject for which they will ask the earnest consideration of the House and the country. It is as follows:

Sect 1. Be it enacted, &c, That no officer of the United States, appointed on the nomination of the President, by and with the advice and consent of the Senate, shall be removable except by the same agencies which concurred in his appointment; provided, however, that in case of disability, or misconduct in office, occurring during the recess of the Senate, or when the interests of the public may make it necessary to displace the incumbent until the advice and consent of that body can be duly had and obtained thereon, it shall be lawful for the President, on the recommendation of the attorney-general, to suspend the disabled and defaulting officer and to commission another person to perform the duties of the place until the Senate shall have an opportunity of acting thereupon; and it shall be the duty of the President, within ten days after the assemblabe of that body, to report to it the fact of such suspension, along with the reason therefor, and the name of the person so temporarily commissioned by him and of such other person as he shall think proper to nominate for the place; and in case of the refusal of the Senate to concur in the removal, either by a direct vote thereon, or by advising and consenting to the appointment of the person nominated, the officer who has been thus suspended shall resume the exercise of his official functions as though the same had not been interrupted; but in no case shall the restored be entitled to any salary or compensation for the interval of time during which his functions may have been suspended as aforesaid.

Section 2. *And be it further enacted*, That in case of the refusal of the Senate to advise and consent to re-nomination of any officer whose term of service may have expired by its own limitation, the place filled by the person so renominated shall be regarded and is hereby declared to be vacant from the time of such refusal. But should the Senate adjourn without action on such re-nomination, either in the way of consent or disapproval, the same shall be held and is hereby declared to be vacant, immediately after such adjournment. And in no case shall any person who has been nominated by the President for any office and rejected by the Senate, or on whose nomination that body has failed or declined to act in the way of consent or refusal, be appointed or commissioned by him, after the adjournment and during the recess of that body, to hold the same office for which he had been previously nominated.



SEELY'S
Patent Metallic Sole.
A NEW INVENTION.

WETTING THE FEET is the most prolific cause of disease and death known to humanity. It is almost sure to bring on a cold; and colds, neglected, and often when not neglected, lead to fevers or to coughs and fatal consumptions. It is in recognition of this truth that the inventive talent of the country has for years been devising some method, or attempting to devise it, for keeping the feet dry, and yet that should not give inconvenience to the wearer. Rubber shoes, in one form or another, have hitherto been our reliance; but it is well known, as among their many evils, that while they keep the feet dry from external moisture, they sweat them overmuch and by thus inducing an undue tenderness increase a susceptibility to colds rather than otherwise.—They are also cumbersome to the feet, and withal are very expensive. The demand is for something that shall make the ordinary Boot and Shoe impervious to water without effecting their elegance or durability, and, if possible, without adding sensibly to the cost of manufacture. These, it will be conceded, are most important features, and we conscientiously affirm that they are absolutely attained in the invention herewith presented to the public.

The invention consists in inserting between the inner and outer sole, when the boot is making, a thin METALLIC PLATE, exceedingly ductile, combining flexibility with toughness, very light, and every way adapted to the end desired, while the additional expense is merely nominal. It furnishes a perfect barrier against the admission of wet or dampness, though the feet may be exposed ever so long upon wet pavements or damp ground.

To ladies and children the METALLIC SOLES will be of incalculable value, as from their habits of life and delicacy of dress, they are particularly exposed to the long train of ills that attend upon an inadequate protection to the feet.

These Soles have already been tried by the best of all tests, ACTUAL USE, and the testimonials to their merits, freely proffered, indicate that they must be speedily and universally adopted by the public. The Patent Metallic Soled Boots and Shoes are being introduced into the leading Boot and Shoe Stores throughout the United States, and will supplant all forms of overshoes, except possibly for deep mud and snow, as they become known. Be sure to get them and no other. If your shoemaker does not happen to have them he can procure them without difficulty. If he will not, then send yourself to the inventor one dollar and thirty cents, and obtain six pair, assorted sizes, with right to use, which will be promptly forwarded by mail or express, pre-paid, and which can be made up by any shoemaker in the country. Agencies will be established in every city and village, and supplied with Soles and proprietary stamps at schedule prices, and liberal commission allowed on sales. Also General Agencies for States appointed on application, with proper testimonials to the inventor.

General Depot, corner City Hall Place and Read street, New York.

TESTIMONIALS.

The undersigned have for the past six months worn Boots and Shoes possessing Mr. Seely's METALLIC SOLE, and find them to be an effectual preventive against dampness, and the colds so often taken from damp feet, most gladly do we testify to the perfect efficiency of their service. The Metallic Sole is not only a grand contribution to the cause of general health, but a *positive luxury*, obviating all necessity of India Rubber shoes, except in muddy weather. All ordinary dampness, and even water upon pavements, is completely foiled of its power of harm by this most simple and useful invention. No one who has once used them will ever be without them again, as they increase the cost of boots and shoes by a sum which is scarcely worth naming, and insure, positively, dry feet, which is reckoned among the first conditions of health and comfort. We heartily commend the "Metallic Sole" to all the sensible.

NEW YORK, Dec. 1865.

SAMUEL J. SEELY, Esq.

Dear Sir—In reply to your inquiries regarding your Patent Metallic Sole, I take great pleasure in stating that I had them put in a pair of fine calf skin boots, which I wore the whole of last winter in the wet streets of Albany I have had them half soled since, and am wearing your Metallic Soles now, with full intention *never* to be without them. I have not had a wet or damp foot during the whole time I have worn them. I pronounce them the best insole yet made. I am satisfied that no person having once worn them will do without them.—Wishing you the success you deserve for so valuable an invention for the preservation of health,

I remain truly yours,
SAMUEL JEFFERSON,
Contractor, New York.

MR. SAMUEL J. SEELY:

Dear Sir—I take great pleasure in offering my testimony to the usefulness and comfort of your patent Metallic Sole. I have used a pair of boots for the past seven months, furnished with this Sole. and feel no hesitation in saying that I have never worn shoes that combined so perfectly the desirable qualities of dryness and durability.

EMMA OVERTON, Brooklyn, New York.

S. J. SEELY, Esq.

Dear Sir—In answer to your request, I am pleased to state that I have manufactured shoes containing your Metallic Sole by machinery. I think them a superior article for keeping the feet dry. In manufacturing them there is no trouble from cutting the thread when sewing, nor any difficulty in putting them in the shoe. Respectfully yours,

EXCELSIOR
BURNING OIL.

EXCELSIOR BURNING OIL.—A sample of this Oil, manufactured by Lothrop, Bassett & Co., has been subjected to chemical and photometrical experiments. Although its vapor inflames at common temperature, it will not explode on the approach of flame, the whole of the oil in the lamp being consumed without the wick becoming charred or incrusted. The light afforded by the flame of this oil is agreeable to the eyes, and is excellent for working, reading or writing by, as it contains the desirable rays. Respectfully,
A. A. HAYES, M. D, *State Assayer*.

STATE ASSAYER'S OFFICE,
20 State Street, Boston.

Messrs. Lothrop, Bassett & Co.—Gentlemen: Your "Excelsior Burning Oil" has been tested and examined here.
The vapor of this substance being dense and heavier than air, will not mix with it. It is not explosive, and there is no danger when burning it from the Marcy Burners.
I consider this a safer illuminating combustible than "Kerosene." Respectfully,
S. DANA HAYES,
24th January, 1866 *Chemist and Assayer.*

The attention of the trade is invited to the above named Excelsior Burning Oil, (which is secured by copyright,) and is pronounced by all who have used it,

The Best Oil in the Market.

It cannot be exploded, and in softness of light is equal to alcohol.
We claim that it possesses all the superior qualities of Fluid, with none of its defects.
It burns beautifully in the common fluid lamp, with straight fluid tubes, and far better than Kerosene in the common Kerosene Lamp, with the simple adoption of "Marcy's Patent Burner," which is the only perfectly safe burner now in use, and its perfect safety will commend it to an intelligent public.

DEATH.

BY ALONZO FROST OF SAN FRANCISCO, (CAL.)

Death is the fading of a cloud,
The breaking of a chain:
The rending of a mortal shroud
We ne'er shall see again.

Death is the conqueror's welcome home,
The heavenly city's door:
The entrance of the world to come—
'Tis life forevermore.

Death is the mightier second birth,
The unveiling of the soul;
'Tis freedom from the chains of earth,
The pilgrim's heavenly goal.

Death is the close of life's alarms,
The watch-light on the shore:
The clasping in immortal arms
Of loved ones gone before.

Death is the gainer of a crown,
Where saints and angels meet;
The laying of our burden down
At the Deliv'rer's feet.

AN EDITOR SOLD. It is said that editors have a peculiar way of prying into other people's business, and we are compelled to confess to a sell. While in Chicago, we had a desire to see Joliet, and got on the cars for that purpose. Passing through the middle car we could see no vacant seat, and were obliged to put up with a part of one, with a fellow-passenger, near the stove. He was apparently about thirty years of age, and had a large soldier's blanket thrown loosely over his shoulders. On the opposite side sat a stout, robust fellow, with dark hair and quick, intelligent eyes, who turned them upon us for a moment, and seemed to read our very thoughts, then sank back upon his seat, and forgot the past and future in what appeared to be a sound sleep. We then turned to our neighbor and asked how far he was going down the road. He replied:

'To Joliet.'

'Have you any friends there?'

'No, but I have some strong recommendations from a prominent man in Chicago.'

'Ah!' we exclaimed; 'from whom?'

'Recorder Van Buren.'

'Indeed! glad to hear it,' we continued. 'Wishing to find some friends at Joilet, you perhaps, will be of service.'

'Anything I can do for you I will,' he replied, with a quiet smile. We did not like that smile.

'How long do you intend to remain at Joliet?' we nervously asked.

'Well,' the recorder, taking into consideration my youth, sent me for two years and a half to learn the lapidary's trade, and you are one of those prying Yankees, poking your nose into everybody's business, and if you had got your just deserts you would have been there long ago.'

The sheriff woke from feigned sleep and burst into a roar of laughter, in which he was joined by the other passengers. We arose from our sitting posture, cast one bewildered gaze on the funny criminal, then at the roaring passengers, and, like a sweet gazelle, (?) vanished from the scene—[Exchange.

ONE OF THE WORLD'S ANGELS The Independent says:

After a life spent in benevolence, it was in December, 1860, that Almira Fales began to prepare lint and hospital stores for the soldiers of the Union, not one of whom had then been called to take up arms. People laughed, of course; thought it a 'freak,' and said that none of these things would ever be needed. Just as the venerable Dr. Mott said at the women's meeting in Cooper Institute, after Sumter had been fired; 'Go on, ladies! Get your lint ready, if it will do your hearts any good, though I do not believe myself that it will ever be needed.' Since that December Mrs. Fales has emptied over seven thousand boxes of hospital stores, and distributed with her own hands over one hundred and fifty thousand dollars worth of comforts to sick and wounded soldiers. Besides, she supplied personally between sixty and seventy forts with reading matter. She was months at sea—the only woman on hospital ships nursing the wounded and dying men. She was at Corinth, at Pittsburg Landing, serving our men in storm and darkness. She was at Fair Oaks. She was under fire through the seven days' fight on the Peninsula, with almost breaking heart ministering on those bloody fields to 'the saddest creatures that she ever saw.'

A Chinese, who had been disappointed in marriage, and had grievously suffered through women in many other ways retired with his infant son to the peaks of the mountain range in Kweichoo, to a spot quite inaccessible to little-footed Chinese women. He trained the boy to worship the gods and stand in awe and abhorrence of the devils; but he never mentioned women to him, always descending the mountain alone to buy food. At length, however, the infirmities of age compelled him to take the young man with him to carry the heavy bag of rice. As they were leaving the market town together, the son suddenly stopped short, and, pointing to three approaching objects, cried, 'Father, what are these things? Look! look! what are they?'

The father hastily answered with the peremptory order, 'Turn away your head; they are devils!'

The son, in some alarm, turned away, noticing that the evil things were gazing at him with surprise from behind their fans. He walked to the mountain top in silence, ate no supper, and from that day lost his appetite and was afflicted with melancholy. For some time his puzzled and anxious parent could get no satisfactory answer to his inquiries; but at length the young man burst out, crying with inexplicable pain, 'Oh, father, that tallest devil! that tallest devil, father!'

WHERE THEY AINT. 'Hello, Capin! you don't want a pilot nor nothin about this ere craft, do ye?' called out a Yankee to a Mississippi captain.

'How do you know I don't?' responded the captain

'O, I axed ye sposin ye did'

'Then supposing I do, what of it?'

'Well, I reckon I know suthin about that ere sort of business, provided yon want a feller about my size.'

'Are you acquainted with the river, and do you know where the snags are?'

'Well, ye-as, I'm pretty well acquainted with the river; but the snags—I don't know much about.'

'Don't know about the snags!' exclaimed the captain contemptuously; 'you'd make a pretty pilot!'

'What do I want to know where the snags are for, old sea-hoss!' thundered the indignant Yankee. 'I know *where they aint*; and there's where I do my sailin'.'

The Yankee did that captain's piloting.

THE PLEASURE OF GIVING. I am rich enough, and can afford to give away £100 a year. I would not crawl upon the earth without doing a little for truth. I will enjoy the pleasure of what I give by giving it alive, and seeing another enjoy it. When I die I should be ashamed to leave enough for a monument, if there was wanting a friend above ground.—[Pope to Swift.

State of Maine.

EXECUTIVE DEPARTMENT,
Augusta, June 6, 1866.

To Municipal Authorities:

A CONSTRUCTION has been placed upon the blank applications for State Pension, to which it is perhaps liable, though by no means intended, (as will appear by the instructions accompanying the blanks,) that every party applying shall declare him or herself a pauper. To correct this, in all cases in which persons applying are not receiving aid, either public or private, the third paragraph of the application signed by the proposed beneficiary, which declares the inability in the second line, should be changed by striking out the words "am," "and," and "continue to," so that line will read "obtain a livelihood for myself and those dependent upon me, and shall be compelled to," &c.

The object of this law is to relieve those who may be paupers, and prevent others from becoming so, and will be so administered.
EPHRAIM FLINT, Secretary of State.

CONSTITUTION

LIFE SYRUP.

A positive and specific remedy for all disease originating from an IMPURE STATE OF THE BLOOD, and for all (hereditary) DISEASES transmitted from PARENT TO CHILD.

L

SCROFULA,
STRUMA, GLANDULAR SWELLINGS,
ULCERATION, KING'S EVIL,
ERYSIPELAS, SALT RHEUM

This taint (HEREDITARY and ACQUIRED,) filling life with untold misery, is by all usual medical remedies incurable.

RHEUMATISM.

If there is any disease in which the Constitution Life Syrup is a sovereign, it is in rehumatism and its kindred affections. The most intense pains are almost instantly alleviated—enormous swellings are reduced. Cases, chronic or vicarious, of twenty or thirty years standing have been cured.

I

NERVOUSNESS.
Nervous Debility, Shattered Nerves,
St. Vitus' Dance, Loss of Power,
Confusion of Thoughts, Epilepsy.

Thousands who have suffered for years will bless the day on which they read these lines. Particularly to weak, suffering women will this medicine prove an inestimable blessing—directing their footsteps to a Hope which fulfills more than in promise

MERCURIAL DISEASES.
Salivation, Rotting of Bones,
Bad Complexion, Aches in Bones,
Feeling of Weakness, Depression of Spirits.

F

CONSTITUTION LIFE SYRUP purges the system entirely from all the evil effects of MERCURY, removing the Bad Breath, curing the Weak Joints and Rheumatic Pains which the use of Calomel is sure to produce. It hardens Spongy Gums and secures the Teeth as firmly as ever.

CONSTITUTION LIFE SYRUP

Eradicates, root and branch, all Eruptive Diseases, of the Skin like

ULCERS, PIMPLES, BLOTCHES,

and all other difficulties of this kind, which so much disfigure the outward appearance of both males and females, often making them a disgusting object to themselves and their friends.

E

CONSTITUTION LIFE SYRUP

CURES ALL SWELLING OF THE GLANDS, Either of the Face, Neck, or Female Breast, and should be taken as soon as the swelling is detected, thus preventing their breaking, and producing troublesome Discharging Sores, which disfigure so many of the younger portion of the community, from six to twenty years of age. Young children are very subject to Discharges from the Ears, which depends upon a Scrofulous constitution. These cases soon recover by taking a few doses of the Life Syrup.

S

All scrofulous persons suffering from general Debility, Emaciation, Dyspepsia and Dropsey of the limbs, abdomen, and in the female, Dropsey of the ovaries and womb, generally accompanied with inflammation and Ulceration of the Uterus, are permanently cured by Constitution Life Syrup. The disease known as Goitre or Swelled Neck, the Life Syrup will remove entirely. The remedy should be taken for some time, as the disease is exceedingly chronic and stubborn, and will not be removed without extra effort.

Tumors of the Ovaries, Tumors of the Breast, and swelling of other glands of the body, will be completely reduced without resorting to the knife, or operations of any kind.

Y

Epileptic Fits, Sympathetic or Organic Disease of the Heart, as palpitation, Disease of the Valves, producing a grating or filing sound, Dropsey of the Heart Case and all the affections of this importan organ (persons suffering from any acute pain in the region of the heart), will be greatly relieved by Constitution Life Syrup.

BROKEN DOWN AND DELICATE CONSTITUTIONS SUFFERING FROM INDISPOSITION TO EXERTION, PAIN IN THE BACK, LOSS OF MEMORY, FOREBODINGS, HORROR OF CALAMITY, FEAR OF DISEASE, DIMNESS OF VISION, DRY, HOT SKIN AND EXTREMITIES, WANT OF SLEEP, RESTLESSNESS, PALE, HAGGARD COUNTENANCE, AND LASSITUDE OF THE MUSCULAR SYSTEM, all require the aid of the CONSTITUTION LIFE SYRUP.

R

FOR ALL FORMS OF

Ulcerative Diseases,

Either of the NOSE, THROAT, TONGUE, SPINE, FOREHEAD or SCALP, no remedy has ever proved its equal.

MOTH PATCHES upon the female face depending upon the diseased action of the liver, are very unpleasant to the young wife and mother. A few bottles of CONSTITUTION LIFE SYRUP, will correct the secretion, and remove the deposit which is directly under the skin.

In the diseases of the Liver, giving rise to Langour, Dizziness, Indigestion, Weak Stomach, or an ulcerated or cancerous condition of that organ, accompanied with burning or other unpleasant symptoms, will be relieved by the use of CONSTITUTION LIFE SYRUP.

U

☞ AS A GENERAL BLOOD PURIFYING AGENT THE LIFE SYRUP STANDS UNRIVALLED BY ANY PREPARATION IN THE WORLD.

THE RICH AND POOR

are liable to the same diseases. Nature and Science has made the CONSTITUTION LIFE SYRUP for the benefit of all.

Notice to the Public!

In the year 1846, the writer embarked in the Drug Business in the city of Philadelphia, and while thus engaged, made several experiments in regard to the most desirable mode of preparing Fluid Extracts.—My efforts being successful—the articles being approved and used by the Medical Faculty—I was desirous of placing them before the public, but hesitated for some time before concluding to resort to newspaper advertising, knowing the prejudice that existed in the minds of many against using advertised *Medicines* or *Nostrums*, but through the advice of friends and those who had used them this objection was overcome.

After 18 years' exertion, commencing in a small way, the popularity of my articles has extended to all parts of the United States, and widely throughout foreign countries—and this in the face of much opposition. Every means has been resorted to by unprincipled dealers since their merit and success have been known—such as advertising larger bottles at less price, censuring all other preparations, and even copying my advertisements—but I am happy to state that out of the many who have resorted to this, none have been successful.

MY OBJECT

In this notice is to make facts known to the public and respectable dealers, believing, after so many years' exertions, that the Druggists will discountenance such proceedings, and that the reputation of my articles may not be damaged by use of inferior or spurious ones.

Knowing that many may read this article who are unacquainted with me, I append a few remarks from those of my native city, and whose names are known in all parts of the world:

"Being personally acquainted with Mr. H. T. Helmbold, it affords me pleasure in stating I have been most favorably impressed with his energy and integrity, and gratified at his success."
WM. WEIGHTMAN,
Firm of Powers & Weightman,
Ninth and Brown Streets, Philadelphia.

[*Evening Bulletin, Philadelphia.*]

"When on a visit to the city of New York a few days since, I was induced to call on our old friend and townsman Mr. H. T. Helmbold, Druggist, 594 Broadway, New York. His store is a *Model*—a perfect *Gem*—the handsomest of any kind we have ever had the pleasure of viewing, and so extensive, being 34 feet front, five stories in height, and over 200 feet deep. It indeed affords us much pleasure to know that he has been so successful, and it is ample evidence of the merits of his articles—as in our whole business experience we have not known of the success of any articles without *Merit*—advertising merely bringing the name before the people."

[*Boston Herald*]

"We do not like to advertise worthless wares, or articles calculated to deceive our readers; and when we see an advertiser like Mr. Helmbold, whom we have known for years, gradually extend his advertising from year to year until he becomes the largest advertiser in the United States, we are satisfied that the statements in regard to his articles *must be correct.*"

The writer reluctantly inserts the above, and would not do so were he not a stranger to many; and concludes by stating the names of his articles, and the diseases for which they have been used by many thousands with complete success.

DR. LAROOKAH'S Sarsaparilla Compound,

For the Speedy and Permanent Cure of

Liver Complaints, Scrofula or King's Evil, Eruptions, and all Eruptive Diseases of the Skin, St. Anthony's Fire, Salt Rheum, Pimples, Pustules, Blotches and Boils; Rheumatic and Neuralgic Pains in the Bones, Side and Head; for the various Weaknesses to which Females are liable; Dyspepsia, Debility, Emaciation, Dropsy, and all diseases resulting from or in an impure state of the Blood.

IT is invaluable to Nervous Sufferers, and a positive cure for Palsy arising from the abuse of Mercury or Lead.

It is a Tonic as well as an Alterative, and a sure protection from attacks that originate in change of climate, season or life.

LIVER COMPLAINTS and their combined symptoms, such as Lumbago, Jaundice, Rheumatism, Bilious Eruptions, &c. When caused by *Scrofula* taint, this compound is a most effectual remedy.

DYSPEPSIA or INDIGESTION, is often caused by Scrofula, which deranges the stomach, and renders it unhealthy. Indigestion is not always caused by Scrofula, when it is, this Sarsaparilla Compound is a ready cure.

NEURALGIA, HEADACHE and various disorders of the nervous system frequently arise from a low state of the constitutional health, and are much relieved and often cured by this powerful remedy.

ERYSIPELAS, Boils, Tumors, or Salt Rheum, Ulcers, Sores, &c. Moderate doses three times a day will usually effect the cure of the above complaints, but often requires considerable time.

Price one dollar per bottle. Six bottles for five dollars.

ALL-CONQUERING

INDIAN VEGETABLE PULMONIC SYRUP,

A Sovereign Remedy for Coughs Colds, Bronchitis Consumption, and all diseases of the Throat & Lungs.

Unsurpassed by any Medical Discovery in the World. DR. E. R. KNIGHTS, Proprietor, Melrose, Mass.

Price 50 Cents and $1,00 per Bottle.

DR. KNIGHTS'

Oriental Hair Restorer.

After a long series of experiments, this article, as it is now offered to the public, is believed to be the most perfect of its kind which science has ever devised. No pains have been spared to produce what has so long been demanded by thousands, who, from sickness or other causes, have become prematurely grey; and others, who, in the sere and yellow leaf of life, would retain, as far as possible, the semblance of youth. DR. KNIGHTS' ORIENTAL HAIR RESTORER, after a few applications, *restores grey or faded hair to its original color*, and is the only preparation of the kind upon which the public can place any reliance. *It has never been known to fail in a single instance*, and is totally unlike the thousand and one so-called Hair Restorers, by which so many have been egregiously deceived.

It is delightfully perfumed, gives the hair a rich and glossy appearance, promotes its luxuriant growth, and will not soil the skin, scalp, or any article of apparel.

PRICE 75 CENTS PER BOTTLE.

E. B. KNIGHTS, Chemist, Melrose, Mass.
